Build A Set For Your Needs

Choose from a variety of different cabinetry options: Lockers, Tool Cabinets, Wall Cabinets and Base Cabinets that have been engineered for different organization needs. You can create-your-own set with help from our [Design Experts](#), that is specific to your own space and requirements.

Pre-Configured Sets For Any Space

We have done the work for you and created best selling, pre-configured sets based on what homeowners want for their garage. Browse from a variety of pre-configured sets that range from a small 3-piece to a large 20-piece configuration.

Off-The-Floor Storage Solutions

Our cabinets can easily be installed off-the-floor using our wall-mounting brackets and slatwall mounting brackets, and using pre-drilled holes on the back-side of each cabinet. Utilize our [Pro Wall Mounted Shelves](#) and [Overhead Racks](#) to gain even more off-the-floor storage for larger, heavier items.

Precision-Fit Accessories

Bamboo and Stainless Steel worktops are custom-sized for our Garage Series Cabinetry Sets for a seamless integration. Add-on a precision-fit Slatwall Backsplash that fits perfectly above your worktop, adding extra storage for frequently used items. Finish it off with undermount LED Lights that illuminate your workspace.

Easy Installation

Install your cabinet set on our height-adjustable leveling legs, off-the-floor, or stacked for a vertical configuration.

Pro Series

The gold standard for premium steel cabinetry. Engineered for strength, and designed with premium features and a modern look of a garage showroom.

Compact Design For Any Space

Bold Series is engineered for big storage with a compact design, so you can create space-saving sets for any space. Choose your own cabinets and build the set of your dreams, select from a variety of pre-configured sets, or you create your set with the help from our [Design Experts](#), that is specific to your own space and requirements.

Integrated Workspaces

Modular design lets you create a space within your cabinet set for an efficient workspace. Add a stool so you can utilize your worktop as the perfect workspace, with all your tools on-hand and organized with the Slatwall Backsplash. Our Worktop is at optimal height so you can work on your projects at ease, without straining your back.

Cabinet Mobility

Start your next home improvement project off right, with a mobile storage center that is capable of holding all your power tools, hardware and accessories right at your fingertips. Our Rolling Tool Cabinet and Project Center are perfect mobile storage solutions, so you can bring your workspace with you while you work, and can easily be tucked away within your set when not in use.

Precision-Fit Accessories

Bamboo and Stainless-Steel worktops are custom-sized for our Garage Series Cabinetry Sets for a seamless integration. Add-on a precision-fit Slatwall Backsplash that fits perfectly in the space between your worktop and wall-cabinets, adding extra storage for frequently used items. Finish it off with undermount LED Lights to illuminate your workspace.

Bold Series

Designed to make a big statement, in a compact design. Providing you with organized storage for all your belongings while utilizing the space you already have.

Quick and Easy Installation Options

NewAge Products Garage Cabinetry is designed to be incredibly easy-to-install, even for those who don't consider themselves handy with tools. The modular versatility of our cabinetry extends to the installation options available.

Check Out Our Support Hub
[For Product Installation Videos >](#)

HEIGHT-ADJUSTABLE LEVELING LEGS
Traditional floor installation for cabinets with height-adjustable leveling legs. Ensures a perfectly level setup on uneven floors.

STACKED VERTICALLY
Create a tall organization unit with built-in screw holes and included hardware, that makes this configuration easy-to-assemble.

ON THE WALL / OFF-THE-FLOOR
Install your cabinets at the perfect height on your wall to provide additional foot room and easy under-cabinet clean-up.

PVC SLATWALL
NewAge Products Slatwall Bracket is compatible with our PVC Slatwall to mount your garage cabinets directly on to Slatwall.

Installation Services

Our team of licensed installers gets your home project completed faster, letting you enjoy your organized space sooner.

[LEARN MORE >](#)

Experienced Installation Experts
NewAge installers are expertly trained ensuring your installation is completed to our standards.

UNBOXING
Packaging materials are carefully removed from all products.

MOVING
Delivered items are safely moved to your installation area.

ASSEMBLY
Products are assembled, fastened together and leveled. Applicable products are securly mounted to wood studs or joists.

CLEAN-UP
Cardboard is flattened and prepared for pickup. NewAge Installation Service does not offer packaging and pallet removal.

Installation Upgrades >
Our installation upgrades cover additional requirements that you might need for your specific purchase, so that you're paying one price, up-front, without any surprises on the day of your installation.

- Moving products to different floor levels
- Condos or apartments with service elevators
- Moving products from curbside to install location
Driveways longer than 50 ft.
- Removal of existing cabinetry or shelving
- Installation into masonry, concrete walls or engineered joists
- Off-the-floor installation

SENSIBLE PRICING
No need for gathering quotes, and no surprises when it's time to pay. Just great installation pricing made clear at checkout.

During checkout, your installation costs are calculated based on your cart items.

Pricing is determined by the length of time each component takes to install within a set.

Steel Slatwall Backsplash

Our Slatwall Backsplash Kits are precision-fit to your NewAge Products modular garage cabinet set, providing added wall-storage functionality and protection for your workspace.

Under-Counter Fridges

Compact design can hold up to 140, 12 oz cans. Fits seamlessly under our worktops, these fridges are engineered with durable 304 Stainless Steel.

[LEARN MORE >](#)

Height-Adjustable Steel Shelving

Includes three full-sized and one half-sized semi-extendable, 304 Stainless Steel wire shelves. Shelving is adjustable in 3.6 increments, allowing you to store 2L tall bottles upright.

User Friendly Control Panel

The touch control panel with LED display allows for precise temperature adjustments and automatic defrosting, eliminating the need to manually defrost and clean the refrigerator.

Interior LED Lighting

LED lights help illuminate your contents at night. Easily set the lights to automatically turn on when the door is open, or manual on/off.
